

Duet™

Duet™

Duet is a high-density stacking chair with versatility and poise. Easy to connect, quick to stack and simple to store.

Duet features a ½ inch diameter, chrome plated, solid steel frame that incorporates a built-in wall saver feature. Duet can be stacked and stored up to 40 high on an optional mobile dolly. Side chairs can stack up to 12 high when free standing on the floor.

Duet's unique, integrated ganging feature on selected models makes it fast and easy to set out in straight rows that stay connected. A hand grip on the chair back also makes it easy to move and hold when stacking. Clear, non-marking glides won't mark floors.

Duet is available in 10 designer colors. Options include arms, upholstered seats and backs, a folding tablet and a book or backpack rack. An array of models and features make Duet equally at home in corporate environments or school auditoriums.

The waterfall seat and back are made from a durable polymer that is easy to clean and Greenguard certified so it will not negatively impact indoor air quality. Every Duet chair comes with Global's Lifetime Warranty.

Select armless models feature a patented interlocking feature that allows the chairs to be neatly locked together in rows. 6624 Dolly (shown above) allows select models to stack up to 40 high.

Duet™

A. Upholstered seat (shown above) and upholstered seat and back models are also available. **B.** Optional writing tablet flips up to allow easy entry. Offered in Black phenolic material. **C.** Two types of racks are available: book rack and backpack rack. **D.** Integrated ganging available for selected armless chairs. **E.** Ganging bracket set for use with all armless chairs with non-integrated ganging feature. Consists of two same size brackets that snap on the front and rear of the sled base.
